

ANDRIANNE BENIAHAN

Virtual Assistant | Tech & Admin Support

E: beniahan321@gmail.com

W: linkedin.com/in/awbeniahan

PROFESSIONAL SUMMARY:

- Highly motivated 3rd-year Computer Science student with a strong technical foundation in web development and programming.
- Fluent English communicator (written and spoken) with fast, accurate data entry skills (70 WPM).
- Proficient in leveraging AI tools (Claude) to streamline workflows and solve technical problems.
- Highly organized and detail-oriented, capable of managing digital files and maintaining structured workflows.

SKILLS:

- HTML, CSS, JavaScript
- Python & Java
- SQL & Database Management
- Google Colab & Vercel
- AI Prompting & Automation
- MS Office
- Project Leadership
- Analytical Problem-Solving

PROJECTS

Automated Image Scraper | Academic Project (Google Colab)

- Developed a Python-based script to automate the extraction of specific images across multiple search engines.
- Demonstrated strong logical problem-solving by testing and deploying the scraping environment in Google Colab.

Custom Web Portfolio | Personal Project

- Designed, structured, and coded a custom, responsive website from scratch using HTML, CSS, and JavaScript.
- Managed the deployment and hosting process via Vercel to showcase practical front-end web development skills.

EDUCATION:

Bachelor of Science in Computer Science | Expected Graduation: August 2027

University of the Cordilleras

- Relevant Coursework: Information Management (SQL), Systems Analysis and Design, Software Engineering, Object-Oriented Programming, and Data Mining.

ADDITIONAL INFORMATION:

- **Tech Adaptability:** Quick learner who easily picks up new software, platforms, and tools, using a strong Computer Science background to troubleshoot issues and streamline digital tasks.
- **Administrative & Organization:** Detail-oriented and highly organized; capable of managing digital files, accurate data entry, and maintaining structured workflows.
