

ANDRIANNE BENIAHAN

Technical Virtual Assistant | CS Student | Web, AI & Admin Support

beniahan321@gmail.com | linkedin.com/in/awbeniahan | awbeniahan-va-portfolio.vercel.app

PROFESSIONAL SUMMARY

- 3rd-year Computer Science student with a solid web foundation: HTML, CSS, JavaScript, SQL, Git/GitHub.
- Covers both admin and tech tasks: data entry, spreadsheets, documents, research, Python scripts and website edits.
- Detail-oriented: I review my own work, including AI-assisted output, before delivering it.
- Async-ready: a clear task and deadline, then a written report back.
- Fluent written and spoken English; 70 WPM typing (98% accuracy).
- Quick learner who picks up new software and tools easily.

SKILLS

Web & Tech: HTML, CSS, JavaScript · Python (automation scripts) · SQL & basic data cleaning · Git/GitHub · Vercel · Google Colab · Java · Tech troubleshooting

Admin: Excel data entry & spreadsheet cleanup · MS Word/Office · Digital file organization · Online research & summaries

Working style: AI-assisted workflows (Claude), output always checked · Clear written and spoken English · Attention to detail · Problem-solving

PROJECTS

Web Scrapbook | Front-End Showcase

HTML, CSS, JavaScript, Vercel · Live site

- Built a responsive scrapbook-style site from scratch.
- Deployed it live on Vercel.

Habit Tracker | Offline Web App

HTML, CSS, JavaScript · Live demo · Code

- Heat map per habit, streak badges, stats screen, and photo proof. No libraries.
- Works offline with no account. Data stays on the device, with backup and restore.

Image Scraper | Automation Script

Python, Google Colab · Code

- Collects images from Baidu by keyword into a folder.
- Test run: 48 of 50 images in about 2 minutes (estimated 30-60 minutes by hand).

VA Portfolio Website

HTML, CSS, JavaScript, Vercel · Live site

- Built from scratch and hosted on Vercel. Shows my services, projects, and availability.

EDUCATION

Bachelor of Science in Computer Science | Expected graduation: August 2027
University of the Cordilleras
Relevant coursework: Information Management (SQL), Systems Analysis and Design, Software Engineering, Object-Oriented Programming, Data Mining.

AVAILABILITY

Monday to Friday, usually 9 PM-1 AM Philippine time (about 20 hours a week), flexible between 3 PM and 2 AM. Part-time, remote, asynchronous.
